### Under the aegis of

INDIAN SOCIETY FOR VETERINARY IMMUNOLOGY & BIOTECHNOLOGY (ISVIB)

## Invitation

It gives us immense pleasure in extending a warm and cordial invitation to you on behalf of the Indian Society for Veterinary Immunology & Biotechnology (ISVIB) and Sher-e-Kashmir University of Agricultural Sciences and Technology of Kashmir, Shalimar, Srinagar, Kashmir, to participate in XXVII Annual Convention and National Conference of Immunology and Biotechnology on “Leveraging Emerging Biotechnologies for One Health” being jointly organized by ISVIB and the Divisions of Veterinary Microbiology & Immunology alongwith Animal Biotechnology, Faculty of Veterinary Science & Animal Husbandry, SKUAST of Kashmir, Shuhama, Srinagar during July 27-29, 2023.

## The Theme About

The National Conference intends to bring together health specialists, microbiologists, biotechnologists, academicians, scientists, professionals and entrepreneurs to a common platform for scientific deliberations and interactions. The conference will address the challenging one health issues related to antimicrobial drug resistance, emerging, reemerging and existing diseases, latest development of diagnostics and vaccines. In addition, the conference will encompass the immunoprophylaxis, immunodiagnosics and biotechnological interventions for enhancing animal health and production. We, on behalf of the organizing committee of the VIBCON-2022 extend a cordial invitation to all the academicians, scientists, veterinarians, public health professionals, research scholars, students, livestock entrepreneurs, environmentalists, policy makers and other stakeholders in the area of immunology and biotechnology from different parts of the country to participate in the Conference at Srinagar Kashmir.

## The Host Institute

The SKUAST-Kashmir is one of the leading farm universities in India that caters to North-Western Himalayan hill and mountain agriculture. Since its inception, it has been a consistent endeavor to help farmers in achieving the food and nutritional security imperatives and fulfil the aspirations of various stakeholders. The broader objectives of creating a competent human resource and providing technical backup and outreach have shaped the activity landscape and are consistently striving to work for improving the overall quality of life encompassing food, nutritional and economic security as well as work towards a broader objective of improved one health (plants, animals, humans, soil and environment). The achievements have resulted in tangible overall economic benefits to the region at large and UT of J&K has emerged as the top performer in farm income and farmer prosperity despite going through unwelcome situations. SKUAST is realigning its research priorities in line with farmers' production constraints and livelihood opportunities to create viable and profitable farming systems in this UT. The consistent efforts to better its performance in terms of academic and scholarly output have helped it to emerge as one of the top ranked state agricultural universities.

## The Society

ISVIB is the premier conglomerate organization of more than 1000 Veterinary and Animal Scientists from the disciplines of Microbiology, Immunology, Biotechnology, Pathology, Parasitology, Veterinary Public Health, Animal Genetics & Breeding, Animal Physiology, Preventive Medicine, Animal Reproduction, Fisheries Sciences and related disciplines of Animal Health & Production, with the objective of fostering the growth of veterinary immunology and biotechnology.

The ISVIB was started in the year 1990 with a motive to discuss, analyze and formulate suitable strategies for safeguarding the animal health and thus to ensure improved animal production. The ISVIB organizes annual national conventions and conferences to critically analyze and update knowledge and understand issues concerning animal production and health.

## Venue And Location

The historical city Srinagar is situated on the bank of river Jhelum. Srinagar, the summer capital of J&K, UT is well connected by Air and Road to rest of the Country. Nearest Railway Station is Jammu Tawi/ Udhampur from where Cabs are easily available to Srinagar. Shalimar Campus of the University is situated at 18 Km from City Centre (Lal chowk) towards North East and 32 Km from Airport. Prepaid taxis and Roadways buses are available at Airport for different parts of City and City Centre. Regular Public Transport (Minibuses and Tata Sumos) Ply between Lal chowk and Shalimar.

## Scientific Sessions

Session I	: Molecular and Microbial Biotechnology
Session II	: Antimicrobial Resistance
Session III	: Zoonoses and One Health
Session IV	: Award Presentation
Session V	: Biotechnological Interventions for Enhancing Animal Health & Production
Session VI	: Immunoprophylaxis, immunodiagnosics & Advances in Vaccine Research.

## Awards And Recognition

The Society recognizes outstanding contributions of individuals in the field of Veterinary Immunology and Biotechnology and confers various awards and travel grants to outstanding scientists. The coveted awards include:

- ISVIB Young Scientist, Mid-career Scientist, Scientist Awards
- GADVASU Women Scientist Award
- Dr. Lingard Memorial Award for Product Development,
- Burnett Memorial Award for Team Research,
